EXPLORE

Bern is known for its cozy, tranquil charm — here, we take the time to enjoy life's finer moments. Stroll along cobblestone alleyways and beneath miles of elegant arcades (called "Lauben"); set your watch to the iconic Zytglogge clock tower; visit the country's parliament building (Bundehaus); and stop by the renowned BearPark, where you can watch over the city's heraldic symbol — alive and breathing.

Our hotel stands at the gateway to Bern's UNESCO-listed Old Town and is just minutes from the city's cathedral and its many beautiful 16th-century fountains. (Insider tip: For one of the best panoramic views of the city, head over to the Rose Garden.)
